Your WYO W.E.S.T. card stores all information needed to get WIC food benefits for you and/or your infant/child. You will need to bring your card to all of your WIC appointments so that food benefits can be added or adjusted on the card. The food benefits on your card are intended for the WIC participant(s) only.

Your WIC benefits must be used by the **last day of the month**. Your leftover benefits do not carry over to the next month. Be sure to complete any transaction before midnight of the last day of the month to avoid losing benefits.

It is important that you take care of your card and keep it in a safe place. Should you lose your card, you will be without your food benefits for 48 hours or longer and may require extra trips to your local clinic. If you do lose your card or it is stolen, please contact your local WIC office or the WIC Help Desk to lock your card. Your local WIC office will replace your card.

The 16 digit number on the front of your card is your PAN (Primary Account Number). When you contact your local WIC office or the toll free number on the front of this brochure, you may be asked to provide that number.

HOW DO I USE MY WYO W.E.S.T. CARD?

- Some small stores will not have all lanes set up to use the WYO W.E.S.T. card. Look for a check-out lane(s) that have a WYO W.E.S.T. sign posted. Ask your local WIC office if any of these stores are in your shopping area.
- When you are ready to check out, put your groceries on the counter as you would normally. This includes both your WIC and non-WIC purchases.
- Before the cashier begins scanning your foods, let them know that you will be using your WYO W.E.S.T. card.
- The cashier will let you know when to insert your card into the card reader. You will never swipe your card; it will always need to be inserted with the gold chip inside the card reader.

A CASHIER/STORE EMPLOYEE SHOULD NEVER INSERT OR REMOVE YOUR CARD FROM THE CARD READER.

- The card reader will prompt you for your PIN. After entering your PIN, you will need to press the enter key.

- When the cashier has scanned all of your foods, they will process your order and a receipt will print. You will need to verify that your WIC purchases are on the receipt.

- * If the receipt **is** correct, you will need to confirm your transaction by pressing the appropriate key on the card reader.
- * If it is **not** correct, you will need to cancel the transaction and the cashier will need to make the correction.

- If you have purchased non-WIC foods, the cashier will ask you how you would like to pay for the remainder of the items.
- When the transaction is complete, the terminal will ask you to remove your card and a tone/beep will sound.

DO NOT REMOVE THE CARD BEFORE YOU SEE THE MESSAGE AND HEAR THE TONE!

- The cashier will provide you with your receipt. It will have your ending WIC balance. Keep this receipt for a record of what food benefits are left on your card for your next WIC purchase.

HOW CAN I FIND OUT HOW MUCH IS LEFT ON MY WYO W.E.S.T. CARD?

- Save your last receipt; it will have your ending balance.
- If you lose your last receipt, you can go to a cash register lane and get a new receipt. Just let the cashier know you want a benefit balance receipt.
- Your benefit balance receipt will tell you what

foods and how much you have left. Benefits for all WIC participants in your family will be combined on your receipt.

CAN I RETURN FOODS TO THE STORE?

- Refunds are not allowed for WIC.
- The only exception would be for a food that is expired or damaged and it must be replaced with the same item that is not beyond its expiration date or damaged.

WHAT SHOULD I DO IF MY CARD WILL NOT WORK?

- Wipe the chip off with a clean cloth and try again.
- Contact your local WIC office.
