

Statewide Advisory/ Information and Education Committee Application

The Wyoming Health Council provides access to family planning for all women, men and teens who request our care, especially those with low incomes who may not have health insurance. Our Advisory/ Information and Education Committee (I&E), reviews and approves all informational and educational materials developed or made available under the project prior to their distribution to ensure that the materials are suitable for the population and community for which they are intended!

As part of the Statewide Advisory/ Information and Education (I&E) Committee, members will:

- *Consider the educational and cultural backgrounds of the individuals to whom the materials are addressed.
- *Consider the standards of the population or community to be served with respect to such materials.
- *Review the content of the materials to assure that the information is factually correct.
- *Determine whether the material is suitable for the populations or community to which it is to be made available.
